Gerrans Chest, Model 601

Dimensions (Inches, Width x Length x Height): 24.5 x 18.5 x 24.5
Base Price \$495, Price (varies with options selected): US \$397 - \$642

Gerrans Chest

3-Drawer Pine Chest

Built from pine and poplar, and a recipe of dye and glaze, the Gerrans Chest gets its name from the Cornish Coast. Inspired by travels, this piece became the first of the Aylsham Series and echoes lessons taught by a woodsmith. Soon after, tools were passed from father to son and the apprentice became the master. Vicarswood provides a compliment of desks and chest of drawers connected to passion, travel and individuality.

Its design shows off a Regency style suitable for either bedroom or office. Solid wood surrounds three drawers to endure through generations. All wood is cut, shaped and fitted in the Las Vegas workshop bearing the Vicarswood emblem.

Three Drawers

Poplar Wood Accent Inlay

Tregony Chest, Model 605

Dimensions (Inches, Width x Length x Height): 18.5 x 24.5 x 24.5
Base Price \$495, Price (varies with options selected): US \$397 - \$700

Tregony Chest (3-drawer Chest/File Cabinet)

Dovetail Joinery

3-Drawer Chest/File Cabinet

This chest of drawers is a 90-degree spin from the Gerrans Chest. Where it was wide; now it is narrow and finds its position in smaller quarters. Unlike its cousin, this chest is available in both a three-drawer style and a single drawer above a double drawer size for hanging folders. Choose conventional chest of drawers or file cabinet.

Finish is lasting as customizable. If the on-line options are not suitable for your specific environment, choose "naked" or unfinished. Apply your own skills and techniques to make this piece of furniture unique as your signature. Still, if there is a desire wanting but not shown, it is not uncommon that Vicarswood accepts a commission work. If your version is beyond the options illustrated, reach out with an enquiry. We'd like to help underline that personality.

Base Price \$588, Price (varies with options selected): US \$490 - \$821

Penzance Chest (Smuggler's Chest) - Hidden Compartment

Smugglers Chest

You may not be attempting to transport contraband across borders, but this chest conceals valuables from discovery, or even theft. In the absence of a fire-proof safe, store those items in the Penzance Chest. Its drawers close to a false back leaving a protected compartment only accessible by removing its detachable top. There is a solid bottom, so its disguise remains effective even when all the drawers are removed and the cabinet has been up-ended.

The Penzance Chest offers a level deception against the uncontrolled home invasion. Available in either a three-drawers or configured for hanging folders, the construction is consistent with Vicarswood workmanship and it can endure most beatings and preserve its secret location. The top of the chest is secured by two bolts underneath. A hex key, included, enables its removal and access to the storage compartment. (The Penzance video describes more details as well as this instruction)

A photographer customer's request evolved to an offering. There is a pull-out storage box (19.00 x 16.25 x 4.00 Dimensions) option available. Designed to support further unique configuration with cut foam, this box properly fits the space of the hidden compartment.

Percuil Desk, Model 705

Dimensions (Inches, Width x Length x Height): 60 x 24.5 x 29
Base Price \$2298, Price (varies with options selected): US \$2004 - \$2681

Percuil Desk, 2-Pedestal Regency Style Desk

Leather Inlay (shown)

2-Pedestal Pine Desk

This superb Regency style desk rests upon two and three-drawer combinations forming each pedestal. With one drawer configured for letter/legal sized hanging folders, there are eight drawers in all. The maker's label is found on each drawer, "Vicarswood," identifying the workshop relocated to Las Vegas.

When you choose to purchase an item from Vicarswood, you will be selecting a piece that will enhance your home. This desk, as all products, is cut from solid wood. It is finished all around so it can be positioned away from a wall with the same 360-degree presence. We spend time choosing the best materials, applying the patience still demanded by workmanship standards and standing behind our work. You also choose from option to suit your taste. In addition from a selection of finishes and hardware, this desk can be configured with a cable pass-through portal to remove wire clutter. It also offers a choice of gilt embossed leather writing surface. A "naked" version (unfinished) continues to be offered where final tenderness and application is left to the customer.

Note: The cable pass-thru portal is small hatch on the desktop surface leading to the interior of the desk. Space reserved behind the drawers allows for both wires and innovation. Non-heat emitting devices could be affixed to the interior rear panel or with the back portion of the desk's top-center drawer. A final power cord drops through a hole in either the left or right pedestal to connect your mains electrical outlet.
